Age Distribution of Players :

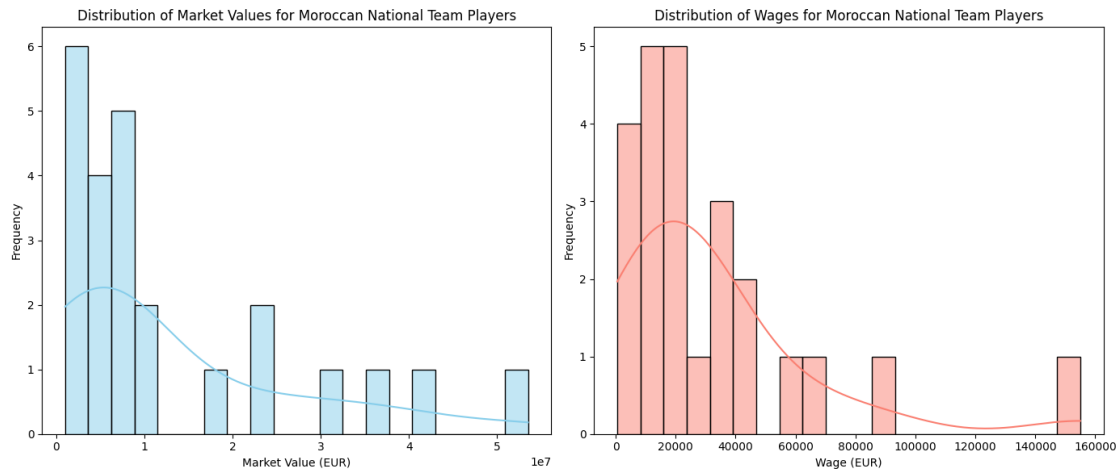

- The average age of the players is approximately 27 years old.
- Most players are around 26 years old, with a significant number of players also being 24 and 25 years old.
- The youngest player is 22 years old, and the oldest player is 33 years old.

Positional Analysis :

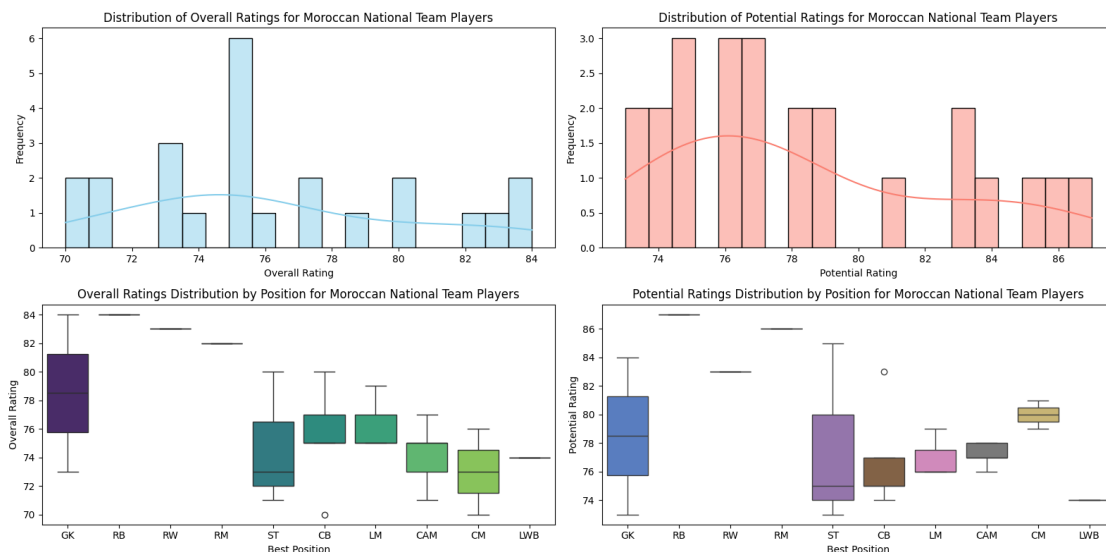

- The team has the highest number of players in the Center Back (CB) and Central Attacking Midfielder (CAM) positions, with 5 players each.
- Other positions include Striker (ST) with 3 players, Left Midfielder (LM) with 3 players, and Goalkeeper (GK) with 2 players.
- Positions like Right Back (RB), Right Wing (RW), Right Midfielder (RM), Central Midfielder (CM), and Left Wing Back (LWB) have fewer players.

Financial Analysis :

- The average market value of the players is approximately 13 million Euros.
- The average wage of the players is around 31,762 Euros per week.
- The player with the highest market value is worth 53.5 million Euros, and the highest wage is 155,000 Euros per week.

Player Ratings Analysis :

- The overall ratings range from 70 to 84, with most players having ratings between 73 and 84.

- The potential ratings range from 73 to 87, indicating that many players have the potential to improve their performance.
- Goalkeepers (GK) and Right Backs (RB) tend to have the highest overall and potential ratings.

Conclusion :

The Moroccan National Team consists of a mix of young and experienced players with a wide range of market values and wages. The team is well-balanced in terms of player positions, with a strong presence in central positions like CB and CAM. The overall and potential ratings indicate that the team has a good foundation with room for improvement in the future.
